

Nemo Self-Reducing CORSET FOR EVERY STOUT WOMAN

MORE than a million stout women know that the Nemo Self-Reducing is the only corset that will reduce the abdomen with perfect comfort and hygienic safety.

EVERY woman who has worn it knows that the Nemo Self-Reducing Corset is superior to all others in comfort, style and durability—that it is an extraordinary value simply as a corset, saying nothing about its invaluable and exclusive special features.

FOR 1908 we have nine handsome models (three pictured above): a model for every stout woman—tall and stout, short and stout, or just "fat." And there's a price to suit every purse.

At \$3.00 The old favorites, Nos. 312 and 314, of which nearly a million pairs were sold in 1907; and for women who want the new "slender-hip" effect are the two new "Flatting-Back" models, Nos. 318 and 320, at the same price—\$3.00.

At \$5.00 Somewhat finer are the Mercierized Broadened Corsets, Nos. 515 and 518, the French Couture Corsets with bust supporters, No. 515; and the beautiful new "Flatting-Back" model, No. 517.

At \$10 For women of luxurious tastes, who have paid \$15 to \$25 for imported corsets, is the superb No. 1000, with "Flatting-Back" and the new "Duplex Straps," at \$10. This is the finest corset that can be made—superior in every respect to the best that come from France. It will do wonders for any stout figure, giving it the graceful lines of youth.

Sachs Dry Goods Co., Ltd

NOTICE OF REDEMPTION OF BONDS OF HAWAIIAN SUGAR COMPANY.

We, the undersigned, W. G. IRWIN and E. I. SPALDING, Trustees under Deed of Trust dated January 24, 1902, made by HAWAIIAN SUGAR COMPANY to the undersigned as Trustees, hereby give notice to the bondholders of the Hawaiian Sugar Company of the election of said Company to redeem and pay, and of the redemption and payment of the following numbered bonds of said Company on the FIRST DAY OF APRIL, 1909, at the office of the MERCANTILE TRUST COMPANY OF SAN FRANCISCO in the City and County of San Francisco, State of California, to-wit:

THE LILLIPUTIANS

Last night "The Belle of New York" was given for the third time to a crowded and enthusiastic house. Each one of these inimitable youngsters was perfect in his part, but more remarkable than this was the smooth and easy working of all the character—the quality that goes to make a perfect stage production.

Not only were the principals perfect in their expression, and in every smallest detail of stage business, but the chorus worked with the precision of clockwork. There was not a slip, not a mistake during the whole performance. Each one was just where

he should be at the proper moment. And there was evident a freshness, a spirited action that older players too often lack.

The Heinz twins kept the audience in a roar, when Teddie McNamara was not doing it. Eva Pollard takes a boy's part in an easy and natural manner, and her singing is above the average. Ivy Pollard and Ethel Naylor are a talented duo who will be heard from in a few years in the ranks of the adult professionals. They have every requisite but size and fullness of voice—and these will come.

Tonight the bill will be changed,

and "Florodora" will be the attraction. This famous comic opera has long been a popular favorite, and its fascinating songs have been hummed and sung in every land. "Tell Me, Pretty Maiden" will never grow old; many who have never heard the opera know the song, every word of it.

"Florodora" will hold the stage to night, tomorrow night and Saturday for both matinee and evening performances. Matinee prices are 25c for children and 50c for adults. Tickets are on sale at Bergstrom's from 8 a. m. till 6:30 p. m., after which time they must be bought at the Opera House office.

INCOME TAX IS DEMOCRATIC PLAN

Their Scheme for Meeting National Needs for More Revenue

WASHINGTON, D. C. — The Democratic minority tariff bill, contemplated by the leaders of that party in Congress, is one of the most important political movements in years. Generally, a minority report does not attract much attention, but in view

come and inheritance taxes main features of their bill, thus enabling them to avoid the popular denunciation with which the Republican proposition to assess taxes upon tea, coffee, documents, and proprietary medicines, in addition to doubling the internal revenue tax on beer, would be met. Their plan is to offer a bill which will enable them to go before the country in 1910 with the plea that they have proposed an adequate revenue measure which at the same time would lift the burden of taxation from industry.

So impelling is the demand for revenue that the issue of protection may well be said almost to have disappeared from the current revision.

The Democratic plan, so far as outlined by Champ Clark and his associates, is to take advantage of the

SCHIFF URGES INCOME TAX

Banker Would Raise Revenue From Interstate Business

NEW YORK, N. Y., Feb. 22.—An income tax designed to overcome objections which were raised when the tax was last imposed, is suggested by Jacob H. Schiff of the banking firm of Kuhn, Loeb & Co., as a means of meeting the increasing deficit in the United States Treasury.

Discussing the plan Schiff, after condemning the issuance of additional Government securities as "pernicious and dangerous," said:

"What we need is a real revenue-producing system which shall interfere in no way and affect as little as possible questions connected with the tariff or the country's bank or currency systems. I believe this is to be found in the income tax.

"The objections, it seems, can be met by means of a measure which shall tax only income or revenue derived from business and especially interstate commerce. If investigation be made of the source of income in this country, it will develop that an enormous revenue to which practically all contribute in an equitable manner, can thus, by means of a moderate income tax, be produced. So far as the banking business is concerned, such an income tax would yield a very large revenue to the Government, and this is true, of course, in many other forms of commercial and industrial enterprises.

"At the same time a tax on income arising from such sources would in no wise conflict with the rights of States and would neither be directly or indirectly a tax upon rents or lands. While some skill would have to be displayed in drawing up such a measure, I believe it could be done successfully, and its operation, I feel convinced, would be carried on without difficulty."

The second examination for female nurses for the Navy will be held at the Naval Medical Hospital, Washington, D. C., March 8. It is desired to secure a class of ten from this examination. As soon as the new class, resulting from this examination, has completed a course of instruction at the Naval Medical Hospital to acquaint its members with the methods of military medical service, the first class of nurses will be assigned to duty in the various hospitals most needing their services, the hospital at New York having the first claim, with those at Annapolis and Norfolk following. Within the coming year it is thought to send several nurses to the hospital at Mare Island and at
